Fun World isn’t the same . . . An evil force has taken over the amusement park and only Kahlil and LaShawn—**Bebe’s Kids** can make things right! It’s up to them to make their way down to the core of the corrupted theme park and find out what’s goin’ on.

Luckily, they’re not ordinary kids. Equipped with Special Super Moves, Kahlil and LaShawn are capable of takin’ care of business! Choose either of these tough street-smart kids to make your way past security guards, robots and dozens of animated enemies on your path to set things right!

PLAYING THE GAME

The object of **Bebe’s Kids** is to maneuver Kahlil and/or LaShawn from the entrance of Fun World to the forbidding depths of the underground caverns beneath the park. Once there, they must defeat the animatronic horror that has taken control of Fun World.

Place the Bebe’s Kids Game Pak into the Super NES and turn the power on. You get to choose to play either Kahlil or LaShawn for your adventure. To successfully navigate all the levels of this game, it is important to master the Special Moves for your chosen character.

Pick up Power-ups along the way to increase or replenish your character’s life points. These include: hamburgers, ice cream, soda, fries, and more. Should your character run out of life points (reach zero), it will flash, then move back to a previous level.

You can also pick up objects along the way. Throw these items at enemy characters as a long range attack. These missiles include baseballs, basketballs, bones and many more. This is a good way to keep out of reach from the enemy. Each item has a different amount that you can throw. After you reach zero, you will have to find more items to throw.
Listed below are some of the stages to Bebe’s Kids. Between all the major stages, you will return to the midway of Fun World. Each return brings new enemies and challenges. Enjoy the ride!

Start out on the **Midway** of Fun World. You’ll have to dodge and defeat security guards, park mascots and vendors. Avoid the grasp of the guards as you dash to the exit.

The **House of Glass** features Robin Harris and Pee Wee. Your mission is to break 15 glass objects that Pee Wee throws from the shelves before they break on the ground or are caught by Robin. If Robin catches one, he’ll put it back on the shelf and this will add to your total. If the falling glass hits you, you’ll take damage.
The **House O’ Horrors** has several mazes and traps to confuse you. Look out for mummies, bats and fire-breathing paintings that will try to stop you! The ghostly residents would love to have you stay for a long, long time.

On the **Pirate Ship**, you’ll face the scurvy dogs from Davy Jones’ locker! Beware the giant pirate at the end of the level, he’s dying to get you hooked on this level!

Finally, the **Underground World** of robots and devious devices await you as you grapple with the leader of the animatronic wonders gone wrong. Defeat the boss here to restore Fun World to its former glory!
